Luxury Weddings at The Roseate New Delhi

The Roseate New Delhi is a fascinating resort destination for weddings within the city.

Sprawling across 8 acres of verdant green and serene water bodies which fuse seamlessly with award-winning architecture, the tranquil oasis is home to more than 1500 trees.

Experience luxury, elegance, bespoke architecture and design amidst impeccable service and immaculate hospitality.

Architecture

Inspired by the five elements of Hindu philosophy – air, water, fire, earth and sky, internationally acclaimed architect Khun Lek Bunnag conceived The Roseate New Delhi.

Regally columned verandas, a mnemonic of the royal lineage of Delhi, intricate bronze meshwork, over 20 feet high doors, high dome ceilings and Isfahan pillars fused with a five century old Moghul architecture make The Roseate New Delhi an architectural marvel. Besides landscaped gardens, the resort is home to more than 1000 mature trees, flowers, herbs and fruits.

The water element is symbolised with waterways which journey along the length of the resort stimulating a therapeutic detox to industrious city life.

To preserve the environment of tranquillity, 650,000 brass ficus leaves have taken up the wall not only as a design element but to act as insulators to the city sound.
