

Bird Academy and Roseate Hotels & Resorts launch the Hospitality Learning Centre a focused skilling & training initiative that prepares India's youth for rewarding careers in hospitality

New Delhi, June, 26th, 2026 – India's hospitality sector is writing one of its most remarkable chapters. Hotels, restaurants, cafés, wellness destinations and luxury residences are expanding at an extraordinary pace and with that expansion comes a wave of opportunity for skilled, passionate professionals ready to build careers in one of the world's most dynamic and people-centred industries. Bird Academy and Roseate Hotels & Resorts have come together with the intent that India's most ambitious young talent walks through those doors fully prepared, purposefully trained and completely ready. The Hospitality Learning Centre is designed for Class 12 graduates and undergraduate students taking their first purposeful step toward a career in luxury hospitality.

The programme offers seven three-month courses across the core disciplines of hotel operations: **Culinary Chef, Culinary Bakery, Front Office Operations, Spa Therapist, Café Operations, Butler Services and Housekeeping Operations**, each one a distinct and rewarding entry point into the profession. Each course combines structured theory with direct immersion into Roseate Hotels & Resorts' daily operations training alongside experienced hospitality professionals from day one. Industry practitioners and visiting faculty from India's finest institutions deliver every course, ensuring students graduate with skills that are immediately relevant and practically grounded.

This initiative draws its strength from two institutions that are, each in their own right, leaders in their field. **Bird Academy**, India's most credentialled hospitality education and skilling organisation and **Roseate Hotels & Resorts**, one of India's most respected luxury hospitality brands, together create a programme where purposeful skilling and real-world training converge to build the hospitality professionals India's flourishing industry deserves. Every enrolled student receives a **monthly stipend** in recognition of their commitment, **joint certification** from both institutions upon completion and **placement consideration** across Roseate's portfolio. Exposure across hotels, cafés, spas and wellness environments ensures students graduate with the breadth of experience and professional network that rewarding careers are built on.

"At Roseate Hotels & Resorts, we have always believed that service excellence is not a standard to be enforced, it is a culture to be lived. This purposeful partnership with Bird Academy allows us to share that culture with India's next generation of hospitality professionals, giving them the skills, the environment and the confidence to begin their careers at the very highest level. When you learn inside a Roseate property, excellence is not something you are taught. It is something you experience, absorb and carry with you for life," said **Kush Kapoor**, CEO, Roseate Hotels & Resorts.

Admissions: now open | **Eligibility:** Class 12 pass or current undergraduate student
Last Date to Register: June 30th, 2026 | **Courses Commence:** July 1, 2026
